Restoring hope, purpose and dignity

2025 IMPACT REPORT

Nearly 23% of Peel residents, more than 1 in 5 households, face some level of food insecurity.¹

In 2025, we rescued over
2 million lbs
of food and had

“

I have been coming here for a few month now. I was really hesitant because I have never needed a food bank before - I was the one donating. But coming here, and everyone was so welcoming and helpful. I didn't feel bad, it made me forget that I was at a food bank. It really feels like I am shopping. I didn't think it would help, but it has helped a lot! You can tell that you are doing it from your hearts.

I would like to thank Regeneration on behalf of ... our recipients who are overwhelmed with gratitude every time they're called to receive what we've received on their behalf. One father said it was the first time in a long time he'll be able to watch a movie with his kids with a snack to eat. Some are also able to share with their grandchildren whose parents are also finding it hard to provide for their families. So it's with gratitude I sent this letter on their behalf. Thank you!
